

# TERRACE™ ARCED & LINEAR WINGS

## FRAMED DESK DIVIDERS

Terrace™ Arced and Linear Desk Dividers are an easy and economical way to add privacy to existing workstations or for turning freestanding tables into custom cubicles, study carrels or call center stations. Our Desk Dividers come in a wide range of sizes and core options, making it easy to create a custom configuration to fit the size and look of your current space.

The TableTop Desk Dividers are engineered to be light weight, durable and easy to install with several mounting options. Merge Works' Desk Dividers are made in the USA and custom sizes, colors, and core materials are available.

- All metal parts are anodized or powder coated for an aesthetic and durable finish
- Clamp options fit tables from 5/8" to 2" thick
- The frames are constructed using aluminum extrusion
- Whiteboard and Fabric cores are constructed using a solid, sound absorbing Acoustic Panel material to reduce noise levels
- Add an Accessory Rail to organize and get the most out of your work space
